## DOMESTIC SECTION 214 APPLICATION FILED FOR TRANSFER OF CONTROL OF AMERICAN LONG LINES TO PAETEC CORPORATION

### STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 05-19

Comments Due: February 9, 2005  
Reply Comments Due: February 16, 2005

On January 5, 2005, PAETEC Corp. ("PAETEC" or "Transferee") and American Long Lines ("Long Lines"), (PAETEC and Long Lines, together, "Applicants"), filed an application pursuant to sections 63.03 and 63.04 of the Commission's rules<sup>1</sup> requesting authority to transfer control of Long Lines to PAETEC ("the Transaction"). As a result of the proposed Transaction, Long Lines will become a wholly owned subsidiary of PAETEC.<sup>2</sup>

Applicants assert that this transaction is entitled to presumptive streamlined treatment pursuant to section 63.03(b)(2)(i) of the Commission's rules<sup>3</sup> because immediately following the transactions: (1) Applicants and their affiliates combined will hold less than a ten percent (10%) share of the interstate, interexchange market; (2) to the extent that the Applicants or their affiliates provide U.S. local exchange services or exchange access services, those services are provided only in geographic areas served by a dominant local exchange carrier that is not a party to the proposed transaction; and (3) none of the Applicants or their affiliates is dominant with respect to any U.S. domestic telecommunications service.

PAETEC, a Delaware corporation, is the holding company of several subsidiaries, including PAETEC Communications, Inc. ("PCI"). PCI holds Section 214 authority from the

<sup>1</sup> 47 C.F.R §§ 63.03, 63.04; *see* 47 U.S.C. § 214.

<sup>2</sup> Applicants have also filed for transfer of control related to international section 214 authority held by Long Lines, to provide facilitates based and resale carrier international services as part of this same transaction. Any action on this domestic section 214 application is without prejudice to Commission action on other related pending applications.

<sup>3</sup> 47 CFR § 63.03(b)(2)(i).

Commission. PCI is a national communications solutions provider offering broadband services, including advanced voice and video, enhanced data and communications management services to medium-sized and large businesses, educational institutions, governmental organizations and other entities in several U.S. markets. The following U.S. entities have a 10 percent or greater equity ownership interest in PAETEC: Madison Dearborn Capital Partners III, L.P. and Blackstone CCC Capital Partners, L.P., which are both ultimately controlled by U.S. citizens. In addition, PAETEC is controlled by Arunas A. Chesonis, a U.S. citizen, by virtue of the supervoting rights associated with his 5.98 percent stock ownership in PAETEC. No other entity has a 10 percent or greater interest in PAETEC.

Long Lines, a Pennsylvania corporation, offers resold local and long distance telecommunications services in markets throughout the United States, primarily in the Northeast United States. Long Lines has one subsidiary, American Long Lines of Virginia, Inc., which is authorized to provide services in the State of Virginia.

All of the issued and outstanding equity of Long Lines is owned beneficially and of record by Douglas Derstine, ("Seller") a U.S. citizen. PAETEC and Mr. Derstine have entered into a stock purchase agreement whereby, pending regulatory approvals, Mr. Derstine will sell all of his shares in Long Lines to PAETEC. As a result, Long Lines will become a wholly owned subsidiary of PAETEC.

The Applicants assert that the proposed transaction serves the public interest by ensuring no interruption of service or inconvenience to the affected customers, which will receive the same local rates, terms or conditions under which Long Lines currently provides service. Because Long Lines will continue to provide service to its customers, the proposed Transaction will be seamless to customers of Long Lines. Moreover, approval of the proposed transfer of control will enable PAETEC to strengthen its competitive presence and to concentrate its resources and expertise on providing innovative and diversified service offerings to consumers.
